TO WHOM IT CONCERNS

**RE: MARTIN OUMA CORNEL (ID: 29921136)**

I have had the pleasure of having Cornel work with us on contract in three different contract terms. His first contract was as a Voter Registrations Assistant (MVR1 2016) then as an ICT Assistant (Pre MVR2 2016-2017) and lastly as a Constituency ICT Officer (MVR2 2017). During these contracts he performed data entry, reporting, systems configuration, IT audit, user training, technical support and minor repairs among other responsibilities.

Cornel is quick in leaning his way around and getting things done. I liked his attention to details, integrity and how well he worked with his colleagues. His competence is why we awarded him a contract after another amidst strict competition.

I believe you will also find his involvement in your company a pleasure.

With regards,

  
Resa Peter Otieno
